

We are committed to ensuring that your customers keep on dreaming. **Further, together.**

Dear Agency,

Although we are not flying as we would like, we are confident that we will do it again very soon. Thus, we will be able to continue providing your customers with the service and alternatives they need to schedule their trips with better connectivity. In February, we informed you that during April of this year, **earning and redeeming miles with Delta Airlines** would be available for our LATAM Pass members. Today we want you to know that the benefit **is now active**. Additionally, Delta **SkyMiles** program members can also earn and redeem miles when flying with us.
